

Bad Weather Policy

In the event of bad weather making travel difficult the day of a plenary meeting, the Coordinator will consult with the Co-Chair(s) to determine if the meeting should be called off. By 7:00 AM on the date of the meeting, a message confirming meeting status will be posted on the voice mail of the Coordinator. Members should call 507-732-8555, or 800-277-8418, ext. 155, to be informed if the meeting is going ahead as scheduled, or if it is cancelled for the day. While there may be other factors at play in making the determination, generally speaking, if schools in the region close due to weather, the CoC meeting will not be held.

A cancelled meeting may be rescheduled depending upon the contents of the agenda.
